

Training of Trainers & Assessors (ToT/ToA) Program on Safety Supervisor (OSHE) Concludes Successfully in Himachal Pradesh

The Safety Skill Development Foundation (SSDF) is pleased to share highlights from the recently concluded Training of Trainers and Assessors (ToT/ToA) program held from April 21st to April 30th, 2025, at BBN Skill Development Institute, Sunder Nagar, District Mandi, Himachal Pradesh.

This intensive 10-day program focused on the Safety Supervisor (OSHE) job role at NSQF Level 4.5 and brought together a motivated cohort of trainers and assessors, all committed to advancing safety standards across sectors.

Participants engaged in a structured blend of technical sessions, interactive discussions, and firsthand workshops, deepening their understanding of occupational safety, health, and environment protocols. Emphasis was laid on developing instructional capabilities, understanding assessment frameworks, and applying OSHE compliance tools effectively in real-world scenarios.

This initiative underscores SSDF's vision to build national capacity, promote safety culture, and foster skill excellence through knowledge transfer and continuous learning.

👏 We extend our heartfelt congratulations to all the participants for their dedication, enthusiasm, and commitment to professional development.

Stay connected with us for more updates as we continue to empower safety professionals and strengthen the skilling ecosystem nationwide. <https://ssdfindia.org/>
