

## ToT/ToA & TOMT/TOMA in Microcredential on Basics of Fire Hazards and Safety Against Fire Hazards – Level 4

**Haldwani, Uttarakhand | July 11, 2025**

The Safety Skill Development Foundation (SSDF) successfully conducted a 1-day National Training of Trainers (ToT), Training of Assessors (ToA), Training of Master Trainers (ToMT), and Master Assessors (ToMA) program on “Basics of Fire Hazards and Safety Against Fire Hazards – Level 4” at the Bharat Institute of Fire Engineering & Safety Management (BIFS), Haldwani.

The training is part of SSDF’s national micro credential framework, aligned to the **National Skills Qualification Framework (NSQF)**. It was designed to enhance the instructional and assessment capabilities of trainers and assessors delivering structured learning on fire safety, prevention, and emergency response.

### Program Highlights:

- Comprehensive modules on fire classification, risk identification, extinguisher use, and evacuation planning
- Hands-on demonstrations and scenario-based learning activities
- Alignment with NBC guidelines, OSHE protocols, and national fire safety codes
- Participation from fire safety professionals, EHS coordinators, and certified trainers across sectors

Participants gained practical insights and training delivery strategies for conducting high-impact fire safety sessions in industrial and workplace settings. The program concluded with an interactive assessment and distribution of participation certificates.

Stay tuned with SSDF as we continue to expand our reach through skill development, micro credentials, and safety training programs across India.
