

Empanelment of Training Partners with Safety Skill Development Foundation (SSDF)

In a significant move towards strengthening the skill ecosystem in the Occupational Safety, Health, and Environment (OSHE) domain, the **Safety Skill Development Foundation (SSDF)** has signed **Memorandums of Understanding (MoUs)** with 21 esteemed training organizations across India.

This collaborative initiative aims to deliver high-quality, industry-aligned safety training that empowers the workforce with nationally recognized skills. The empanelment is part of SSDF's broader mission to promote a culture of safety, ensure workplace compliance, and contribute to India's vision of a **safer, skilled, and productive workforce**.

"Together with our partners, we strive to build capacity, enhance awareness, and embed safety-first mindsets across industries through structured skilling interventions."

Key Highlights:

- All partners are aligned with **SSDF's vision of promoting OSHE standards across sectors**.
- Training will be delivered as per **national standards and qualification frameworks**.
- Programs will target youth, workers, and professionals in high-risk sectors to build preventive safety competencies.

Affiliated Training Partners Include:
