

# Announcement...!! Training Program: ToMA/ToMT for Safety Inspector (OSHE)

## Upcoming TOMT/TOMA Program for Safety Inspector (OSHE) - NSQF Level 5.5

*Safety Skill Development Foundation (SSDF) is pleased to announce a high-impact 5-day TOMT/TOMA program for the Safety Inspector (OSHE) job role, aligned to NSQF Level 5.5.*

This advanced training is designed for professionals aspiring to lead Occupational Safety, Health & Environment (OSHE) compliance and inspections across industrial settings. The course will be delivered by experienced safety practitioners through interactive sessions, live demonstrations, and mock audits.

### Why You Should Attend:

- Deepen your knowledge of OSHE frameworks and regulatory compliance
- Strengthen field-level skills in hazard identification, inspections, and safety documentation
- Understand best practices in workplace health, industrial hygiene, and environmental controls
- Prepare for leadership roles in safety audits and incident prevention systems

### Who Should Attend?

- EHS Trainers & Safety Professionals
- Qualified Assessors & Industry Experts
- Safety Officers looking to transition to training roles
