

MOU SIGNING BETWEEN SSDF & FSAI AT FSIE 2025

The **Safety Skill Development Foundation (SSDF)** and the **Fire & Security Association of India (FSAI)** proudly formalized a strategic **Memorandum of Understanding (MoU)** during the **Fire & Security India Expo (FSIE) 2025**.

This landmark collaboration is designed to **elevate Occupational Safety, Health, and Environment (OSHE) standards nationwide**, creating a stronger, safer, and more sustainable workforce.

✓ **Key Focus Areas of the MoU:**

- 1 Industry-specific safety training with **NCVET-recognized certifications**.
- 2 **Youth empowerment** through Short-Term Training, RPL, and apprenticeship models.
- 3 **Enterprise-level integration** of safety SOPs, ESG standards, and compliance frameworks.
- 4 Inclusive skilling programs for **women and youth** in the industrial workforce.
- 5 **Digital skilling, research, and advocacy** to expand reach and influence policy.
- 6 Establishment of **monitoring mechanisms** to ensure measurable impact.

✦ This partnership reflects a **shared vision of SSDF and FSAI**—to align India’s skilling ecosystem with global benchmarks while embedding **safety, sustainability, and inclusivity** at the core of industrial development.

Together, we are committed to building a future where **safety, skills, and sustainability go hand in hand**.
