The Safety Skill Development Foundation (SSDF) is pleased to announce the upcoming Training of Master Trainer (ToMT) / Training of Master Assessor (ToMA) program focused on the role of Traffic Safety Marshal.

 Dates: 13th - 17th July 2026

 Mode: Online

 Program Highlights:

- Traffic management at entry, exit, and within worksites
- Traffic diversion, route clearance & pedestrian safety compliance
- Driver communication & implementation of safety protocols
- Monitoring, recording & control of traffic movement
- Visitor guidance, parking & route marking
- Incident prevention & effective use of PPE
- Basic security practices & first aid support
- Workplace hygiene, waste management & personal health
- Team coordination & professional conduct

This program aims to build a skilled pool of certified trainers and assessors to enhance traffic and worksite safety standards.
